Education

MBA, Hawaii Pacific University
MSc, Helsinki University of Technology
DrTech, Helsinki University of Technology

Research Areas / Keywords

Energy and Environmental Business Systems, Carbon Finance.

Biography

Janne Kettunen is an Assistant Professor jointly at the Haskayne School of Business and the Institute for Sustainable Energy, Environment and Economy where he teaches in the MBA and Energy and Environmental Systems programs. He obtained his Doctor of Science (Technology) degree in Systems and Operations Research from the Helsinki University of Technology (2009), a Master of Science degree in Electrical Engineering (2001) from the Helsinki University of Technology, and Master of Business Administration degree in Finance (2003) from the Hawaii Pacific University. During 2006-2009 he was a visiting doctoral student at the Management Science and Operations subject area at the London Business School. His research at the London Business School was funded by the UK Economic & Social Research Council and the Research Foundation of Helsinki University of Technology.

Research Interests

Dr. Kettunen's research interests are focused on the decision analytic modeling of market uncertainties in the contexts of electricity and carbon markets, risk management, and development of high-technology products. He has published in scholarly journals, such as, Energy Policy and IEEE Transactions on Power Systems. In December 2008, he was one of the four finalists in Dennis J. O'Brien United States Association for Energy Economics Best Student Paper Competition with the paper "Electricity Investment Behavior in Response to Climate Policy Risk".
